## Intro

Gm A# F A# D# A# D#

## Verse

I can see the path you've chosen  
We both know where this is going  
I'm afraid of how your story's gonna end  
And as scared to speak as I am  
I know this could be my last chance  
To stand between You and forever's edge, yeah

## Chorus

It would be easy to talk about the weather  
It would be easy to look the other way  
But I love you too much to not say something  
Without the truth my love means nothing  
Sometimes love is  
Anything but ea - - sy, anything but ea - - sy

## Verse

If I was trapped in a burning building  
You would be the first one running  
Bursting through the flames to rescue me  
I can see your walls are crumbling  
So, now I'm the one who's running  
To save you from the fire that you can't see

## Chorus

## Bridge

A#

I can't paint your prison walls a brighter color  
And never tell you of the One who set me free  
I can't leave you locked in your chains any longer  
So, let me lead you to the One who holds the key

Chorus

Ending

Anything but ea - sy
