Verse 1

We've been crumbled we've been crushed
The city walls have turned to dust, oh oh oh oh oh oh
Broken hands and blistered feet
We walk for miles to find relief, oh oh oh oh oh oh

Chorus

When the thief takes when our hopes cave
You build us back You build us back
When the earth shakes when the world breaks
You build us back You build us back

Verse 2

We are scared and we are poor
All our safety nets have torn, oh oh oh oh oh oh
We've been humbled to our knees
From these ruins we believe, oh oh oh oh oh oh

Bridge 1

Redeemer redeem us, Restorer restore us, You build us back

Bridge 2

Though the mountains be shaken, the hills be removed
Your unfailing love remains after all that's been taken
Your promise still sacred
You build us back with precious stones
