Falling Chords (Key of G)

by Brenton Brown and Paul Baloche

https://worshipchords.com/falling/

```
Verse1
        G/C
                         Dsus
                                   G2/E
                                             G/C
                                                   D2/F# G2/E
I would like to walk this world with You,
                                           always
                Dsus
                          G2/E
                                    G/C
                                           D2/F# G2/E
Never want to be apart from You, O Lord
                  Dsus
                           G2/E
                                             G/C
                                                   D2/F# G2/E
I am sometimes overwhelmed by truth and Your ways
                     Dsus
                              G2/E
                                         C2
                                                         G/C
                                              G/C
                                                    C2
Could it be that I was made for You, I@m blown away
CHORUS
           G2/E
G2
I am falling, I am falling in love
                Dsus
I am falling in love, I am falling in love with You
            G2/E
I am falling,
               I am falling in love
C2/A
I am falling in love,
                         G/C Dsus G2/E G/C D2/F# G2/E
I am falling in love with You
Verse2
                              G2/E
                                             G/C D2/F# G2/E
                      Dsus
Would You stay and listen for a while, please stay
                          Dsus
                                G2/E
                                             G/C D2/F# G2/E
And let me talk of how You make me smile, oh?
                                             G/C D2/F# G2/E
        G/C
                      Dsus
                              G2/E
I would like to leave it all behind, my ways
        G/C
                      Dsus
                               G2/E
But I get caught up in myself sometimes
  C2 G/C C2 G/C
All I can say
```
