Intro

C Dm G/B C Dm G

Verse 1

Through deserts wide and oceans deep
When troubles pressed us to our knees
You remain, through everything, the song we sing

Chorus

You are good, You are good
Your love is great, Your love endures
Through everything our hearts are sure
You are good, forever good
You are good, forever good
You are good, forever good
You are good, forever good

Verse 2

Through every dark, uncertain day
Though fears arise, we're not afraid
You never change through all eternity
It's who You are, it's why we sing

[Chorus]

Bridge

From generation, to generation
You've been our hope Lord, and our salvation
We say with Heaven and all creation
We're not alone here, we're not forsaken

[Chorus]
