Intro

D G D G

Verse 1

When I called on God He heard every last prayer
In the midst of my brokenness He met me there
With hope for tomorrow, and strength for today
How could I not give Him thanks

Chorus 1

He's the giver of good gifts, the breath in our lungs
He's the hope and the promise that we're standing on
He's faithful to heal and restore
Shout if this story is yours, give thanks to the Lord

Verse 2

Mountains or valleys in the shadow of death
You light my way, build my faith with each step
Joy in the morning, peace through the night
Why would I not testify

Chorus 1
