## Intro

A E F#m D

## Verse

Did I take Your joy for granted, was I making friends with feelings  
When all I had to do was let go and let You in  
Did I wrestled with devotion, in one day and out the other  
When You were always gentle, You were always good

## Pre-chorus

There's not a missing piece  
When You are the thread between  
Make right what's wrong in me  
You only make good things

## Chorus

My Father Tell me the truth again, remind of who I am  
Love me like no one can, You always do  
Sing over me again, I live with open hands  
I know You're still working, You're not done yet

## Interlude

D A F#m E

## Verse

Did I let my dreams go wasted by finding my worth from people  
When You already told me Yours is who I am  
So I'll trade my plans for Jesus, walk in His way of freedom  
Everything I needed You already have
