## Bridge

Goodbye fear and goodbye shame  
Goodbye hopelessness and pain  
I have heard the Father call my name  
Goodbye running, goodbye hiding  
Goodbye heaviness and lying  
The new has come, the old has washed away  
Hello joy and hello truth  
Hello love, I've longed for You  
I've waited for this moment all my days  
Hello mercy, hello peace  
You have found me on my knees  
I believe I'll never be the same
