Intro

D/F# G D/A Bm

Verse

Where we've let a good performance
Take the place of honest praise
And forgotten our first love along the way
Where we've let our good intentions
Distract us from Your heart
Forgive us, forgive us

Chorus

Come Holy Spirit, fill us again
This means nothing if we don't have You
Don't let us settle for anything less
This means nothing if we don't have You
Tag
We have nothing if we don't have You

Verse

Where we've built our earthly kingdoms
Instead of building Yours
Your presence is the treasure we long for
Where we've lived like we're just servants
When we're Your daughters and Your sons
Forgive us, oh, forgive us

Chorus
