Intro

Bm A G Bm A G

Verse

I've been here before, my heart feels so weak
Got this weight upon my chest, and I can't stop forgetting
My God, that You've never left, You're right here with me
Still I'm convinced You're hiding, oh God, would You remind me

Chorus

That You're still just as good as when I met You
You're still just as kind, don't let me forget that You're
Still the same God who led me through the fire
You're still the same God that separates the waters
,
Come do what only You can do, God, I need You
Come do what only You can do, come do what only You can do

Verse

You've done this before, will You do it again
'Cause the waves are all around me, and it feels like I'm drowning
My God, will You still reach down and give me Your hand
'Cause even when I'm doubting, Your love, it still surrounds me

Chorus

Bridge

And I will build an altar and stack it stone by stone
'Cause every Ebenezer says, I've never been alone
My faith will surely falter but that don't change what You've done
'Cause every Ebenezer points to where my help comes from
'Cause every Ebenezer points to where my help comes from

Chorus

Ending

Bm **A/C# D** **D/F#** **G** **D**
Oh every Ebenezer points to where my help comes from
