```
Verse
        E/G#              A
In the darkness we were waiting
          B               E
Without hope without light
          E/G#                 A
Till from heaven You came running
           B              E
There was mercy in Your eyes
       E/G#              A
To fulfill the law and prophets
        B                 E
To a virgin came the Word
         E/G#                 A
From a throne of endless glory
         B             E
To a cradle in the dirt
```

```
Chorus
E                   A
Praise the Father Praise the Son
  C#m                 E/B      B
Praise the Spirit three in one
E               A
God of glory, Majesty
C#m           A             B                E
Praise forever to the King of Kings
```

```
Verse
  E/G#                      A
To reveal the kingdom coming
        B            E
And to reconcile the lost
    E/G#                A
To redeem the whole creation
        B              E
You did not despise the cross
    E/G#           A
For even in Your suffering
        B            E
You saw to the other side
        E/G#               A
Knowing this was our salvation
      B                    E
Jesus for our sake You died
```

```
Chorus
```

```
Bridge
        C#m                  A
```

```
And the morning that You rose
         B                    E
All of heaven held it's breath
            C#m                     A
Till that stone was moved for good
         B                    E
For the Lamb had conquered death
            C#m                      A
And the dead rose from their tombs
         B                 E
And the angels stood in awe
            C#m               A
For the souls of all who'd come
         B                 E
To the Father are restored
            E/G#                      A
And the Church of Christ was born
              B                 E
Then the Spirit lit the flame
            E/G#                A
Now this gospel truth of old
              B                    E
Shall not kneel, shall not fade

            E/G#                A
By His blood and in His name
               B                 E
And in His freedom I am free
            E/G#                 A
For the love of Jesus Christ
            B              E
Who has resurrected me

Ending
 E                    A
Praise the Father Praise the Son
 C#m                  E/B       B
Praise the Spirit three in one
 E                  A
God of glory,  Majesty
 C#m          A            B                    E
Praise forever to the King of Kings
```
