## Intro

King or cripple? What have I become?  
Beneath these kingly robes  
There lies a fragile man.  
What made me a king can some cripple.  
All that You give can some rob my innocence.

## Verse 1

Why do You let us walk upon a cliff so steep  
When deep below the sea there lies a bed of gold?  
And if this should be our battle place,  
Don't let me fall, don't let us fall.

## Chorus

Keep me.  
Won't You keep me?  
Keep me. Won't You keep me?

## Verse 2

I love to hold the hand of One  
Who healed the blind  
And saw the leper run into the arms of love.  
And king or cripple, they were the same to You.  
You took a broken man  
And You treat him like a king.

## Bridge

King or king or king or cripple.  
You took a broken man  
And You treat him like a king.
