Intro

Dm A# F Am Dm A# F Am

Verse 1

I went to bed with the sunrise, woke up to a dark sky  
F Dm A# Am  
I pray to God, promised this would be the last time  
Dm A#  
In my dreams, oh, there was a headstone  
F Am  
I saw a name at the top, that was my own  
Dm A#  
Underneath it said guilty, sinner,  
F Am  
Here lies a man who was meant for better  
Dm A#  
I wanna change, wanna live forever  
F  
Won't You take my hand?

Chorus

Lead me into the water, wash me under the waves  
Dm A# F Am  
Lead me into the water, cover me in Your grace  
Dm A# F Am  
Who I am, what I was, take me down, raise me up  
Dm A# F  
Out of the water (water) changed  
Am Dm A# F  
I found life in the death of me, oh-- oh-- oh--  
Am Dm A# F Am  
I found life in the death of me, oh-- oh-- oh--

Verse 2

Better than a dream now, you'd never believe how  
F  
I was in a burning building, 'til You sent the rain down  
Am Dm A#  
I got a clean start, beating from a new heart  
F Am  
I left the old me buried in the graveyard  
Dm A#  
And now I'm seeing light, now I'm feeling life  
F Am  
Burning on the inside  
Dm A#  
I'm never going back, everything I had  
F  
I leave it on the shoreline

Chorus

Bridge

Oh, death, where did your sting go?  
The threats you make are hollow  
And now you're just a shadow

Chorus
