Verse 1

I went to bed with the sunrise, woke up to a dark sky
A# Dm
I pray to God, promised this would be the last time
Gm D#
In my dreams, oh, there was a headstone
A# Dm
I saw a name at the top, that was my own
Gm D#
Underneath it said guilty, sinner,
A# Dm
Here lies a man who was meant for better
Gm D#
I wanna change, wanna live forever
A#
Won't You take my hand?

Chorus

Lead me into the water, wash me under the waves
Gm D# A# Dm
Lead me into the water, cover me in Your grace
Gm D# A# Dm
Who I am, what I was, take me down, raise me up
Gm D# A#
Out of the water (water) changed
Dm Gm D# A#
I found life in the death of me, oh-- oh-- oh--
Dm Gm D# A# Dm
I found life in the death of me, oh-- oh-- oh--

Verse 2

Better than a dream now, you'd never believe how
A#
I was in a burning building, 'til You sent the rain down
Dm Gm D#
I got a clean start, beating from a new heart
A# Dm
I left the old me buried in the graveyard
Gm D#
And now I'm seeing light, now I'm feeling life
A# Dm
Burning on the inside
Gm D#
I'm never going back, everything I had
A#
I leave it on the shoreline

Chorus

Bridge

Oh, death, where did your sting go?
The threats you make are hollow
And now you're just a shadow

Chorus
