Verse 1

Where can we run, Where can we hide
Is there a place that we can go where You cannot find us
You're there when we fall, there when we rise
Nothing is hidden from Your face, You know every breath we take

Chorus

Your love has found us, Your love has found us
We are Yours forever
Your love has found us, it's all around us
Holding us together

Nothing on earth, above or below
Nothing in all the universe can take us from Your love
You came to us, made us Your own
You have redeemed us from the fall, You paid the ransom once for all
