```
Intro
Cm      A# /D    D#    G#    D#    G#    D#    A#    A#

Verse
     Cm           A# /D        D#           G#              D#
Two wrongs never make a right,    it took dark to see the light
        G#                   D#                          A#
I learn more from what I've lost than from what I've gained
       Cm        A# /D       D#           G#              D#
Easy days are what I'd choose but the hard ones leave to you
            G#               D#                A#
I'm not there yet but Lord knows I'm on my way

Chorus
G#                             D#
   I see the blessing in the heartbreaks and
Cm                              A#
    I see the blessing in the mistakes
G#                        D#                A#
   Wouldn't change a single thing even if I could
G#                              D#
   I see the blessings when the night seems long
Cm                     A#
    I even hear it in my saddest song
G#                                   D#                A#
   Cause if you say You're working everything for good
               D#
Then it must be good

Verse
            Cm        A# /D        D#          G#                 D#
I'm still trying to add  it up,    all the times He filled my cup
        G#             D#           A#
You make empty vessels overflow a - gain
          Cm         A# /D   D#              G#                    D#
Like the dessert that needs a stream, like the wind that returns to spring
        G#               D#              A#
I can feel the seasons changing in the wind

Chorus
G#                             D#
   I see the blessing in the heartbreaks and
Cm                              A#
    I see the blessing in the mistakes
G#                        D#                A#
   Wouldn't change a single thing even if I could
G#                              D#
   I see the blessings when the night seems long
Cm                     A#
    I even hear it in my saddest song
```

```
G#                                        D#              A#
    Cause if you say You're working everything for good
                    Cm
Then it must be good

Instrumental
Cm     A# /D    D#    G#    D#    G#    D#    A#    A#
G#    D#    Cm     D#    G#    D#    A#

Verse
              Cm         A# /D    D#              G#                    D#
From this mountain where I stand, I can see where the valley ends
          G#            D#                      A#
Lord You carried me up here just to catch the view

Chorus
G#                          D#
    I see the blessing in the rugged cross
Cm                              A#
     I see the blessing in the highest cross
G#                          D#                      A#
    It didn't change a single thing even though You could
G#                          D#
    I see the blessing in the fire that's pain
Cm                          A#
     I even see it in an empty grave
G#                          D#              A#    D# /G
    If You say You working everything for good, Lord
G#                          D#              A#
    If You say You working everything for good
                    D#
Then it must be good
```
