Verse 1

There's a hope for all who've gone astray
There's a road for all who've lost their way
There's a light that leads us back to grace
Forever shining, it never fades

Verse 2

There's revival stirring in my heart
Since Your love unlocked these prison bars
I'm a slave no longer to the dark
Forever changed, forever Yours

Jesus You're my liberty
From the grave that once held me
I'm running to You wild and free
My liberty, my liberty

Verse 3

There's a mercy flowing through my veins
With every heartbeat I can feel Your grace
It's freedom I cannot explain, oh
Forever changed, forever Yours

I will sing and I will shout
Your name on high from mountaintops
The valleys underneath my feet
Will know that You are Lord
