## Verse 1

Em                    G                    C                    G  
Who else commands all the hosts of heaven  
Em                    G                    C                    G  
Who else could make every king bow down  
Em                    G                    C                    G  
Who else can whisper and darkness trembles  
C            D            G  
Only a Holy God

## Verse 2

Em                    G                    C                    G  
What other beauty demands such praises  
Em                    G                    C                    G  
What other splendour outshines the sun  
Em                    G                    C                    G  
What other majesty rules with justice  
C            D            G  
Only a Holy God

## Chorus

Em                    C  
Come and behold Him  
                  G                    D  
The One and the Only  
Em                    C  
Cry out, sing holy  
G                    D/F#            Em  
Forever a Holy God  
                  C                    D                    G  
Come and worship the Holy God

## Verse 3

Em                    G                    C                    G  
What other glory consumes like fire  
Em                    G                    C                    G  
What other power can raise the dead  
Em                    G                    C                    G  
What other name remains undefeated  
C            D            G  
Only a Holy God

## Verse 4

Em                    G                    C                    G  
Who else could rescue me from my failing  
Em                    G                    C                    G  
Who else would offer His only Son  
Em                    G                    C                    G  
Who else invites me to call Him Father  
C            D            G

Only a Holy God  
C D G  
Only my Holy God
