Bridge

[Rap]
It's Jesus' blood flowing in my veins
And we don't care if you think we are insane
We're on another level we march to a different beat

Freak freak they shout at us in the street
I'd take a bullet for my brother or my King
Lay down my rights shake up mediocrity
And I would give up my life
Wreckless for the poor and oppressed
We couldn't care less about the way we are dressed
I'm obsessed with this fire passion
Burning in my chest
The world cannot ever hold us down
Radical holiness marks us from the crowd
Come on let's dream dreams
We could be the ones to set the nations free
Revival generation come on
Revival generation that's me

[Chorus]
