Verse 1

Where there is conflict, sometimes we retreat
Where there is struggle, we may fail to see
Our God is with us, our God is with us
He will never leave

Intro

Verse 2

When found in the ashes, we still have a chance
Where there is mourning, don't forget to dance
Our God is with us, our God is with us
He will never leave
Our God is with us, our God is with us
He will never leave

Chorus 1

He does not forsake us, hate us, or make us walk alone
He is always right there, stays where He can see the storm
We just have to hold on, stay strong, know He has our best in mind
Our God is with us, our God is with us

Verse 3

Where there are shadows, He becomes the light
If we go into battle, He will win the fight
Our God is with us, our God is with us

Our God is with us, our God is with us
