  Bm                      Em
A voice is on the wind it calls me further in
    Bm              D          A        Bm
I'm heading deeper into Your heart Your mark is on my chest
   Em
My sails filled with Your breath

You guide me by the light of the stars

Chorus 1
                 G                       D
I'm sailing on a ship that's bound for life
                   G                   D
I wrestle with the wind against the tide
                 G                 Bm
I leave it all behind to reach for more
             A                   Bm
          I'm sailing on to Your golden shore

Verse 2
       Bm                             Em
Though skies go blue to grey and I'm thrown from wave to wave
    Bm                      D              A
You still will hear these lungs singing hard
     Bm                    Em
With every storm I face I find a greater grace
     Bm               D          A
That pulls me deeper into Your heart

[Chorus 1]

Chorus 2
             A                        G                   D
I'm sailing on to where the water's running sweet and bright
                  G               D
The sun is rising in the eastern sky
                 G                 Bm
I leave it all behind to reach for more
                   Bm
I'm sailing on to Your golden shore
