Chorus

G **G7** **C**
Have you ever wondered how the God
Cm
Who made the universe,
G **Em**
And all the plants and creatures
A **D7**
That you have ever seen,
G **G7**
The planets, stars, the moon and sun,
C **A7**
Is watching over everyone,
Dsus **D** **G**
And still has for tiny little me.

Verse 1

G **G7**
My God made crocodiles and antelopes,
C **Cm**
Jellyfish and billy goats,
G **Em** **A** **D7**
Elephants and spiders and buffaloes and bees,
G **G7**
Rattlesnakes and porcupines
C **A7**
And ladybirds and butterflies,
Dsus **D** **G**
And still has for tiny little me.

Verse 2

G **G7**
My God made deserts dry and mountains tall,
C **Cm**
Jungle vines and waterfalls,
G **Em** **A** **D7**
All kinds of places where I have never been,
G **G7**
Forests green and oceans wide,
C **A7**
The wind and rain, the sea and sky,
Dsus **D** **G**
And still has for tiny little me.

Bridge

D **C** **G**
And He knows how I feel every night, every day,
D
And He knows what I'm thinking
C **G**
And what I'm going to say,
D
And He's known all about me

Since before the day I was made.

Verse 3

My God made mums and dads and great grandmothers,
Aunties, uncles and stepbrothers,
All the different people who are in my family,
Grandads, sisters, babies too
And second cousins twice removed,
And still has for tiny little me.
