Verse 1

It's in the mun - dane everyday liv - ing, here as I'm walking that's where I'm learning
To be faithful here in the small things, let me be pleasing to You
You set the pace God, so I'll walk be - fore You
Your word is a lamp that's guiding my way through
You sent Your Spirit said, This is the way, so I'll walk in it

Chorus

It's in the ordinary walking where I find You
It's in our simple conversations where I find truth
And if I never to get to see the mountaintop with a view
I don't care, cause the prize is You

Verse 2

And when the way seems to take me from the prom - ise
You give a full life in empty places and when I question, What even is this
You don't have to answer but then You do

Interlude

Bridge 2x

You're the reward, You are my promise, to walk with You God, it is my highest
Every step, I am so grateful, I get to walk with You
