When You think of me, when You hear my name
When You see my face, let it be with mer -- cy
When thoughts of me, come to Your memory
Or my story told, let it be mer -- cy

Don't remember me acording to my sin
But remember me with compassion
When my voice is heard around Your throne
Let it strike Your heart with love alone

When I stand face to face, and look You in the eyes
See my heart, see my soul, how I fought the fight
Blot out my sin when You look at me
Let my life be a treasured memory
